*Re: FOIA Request for Quendall Terminals*

To whom it may concern:

On behalf of Quendall Terminals, please accept this letter as a formal request for copies of certain records in the U.S. Environmental Protection Agency's ("EPA") possession concerning Quendall Terminals, located at 4503 Lake Washington Boulevard North, Renton, WA (the "Site").

We request copies of any and all comments submitted to EPA relating to EPA's Proposed Plans for Operable Unit 1 and Operable Unit 2 of the Site. We also request copies of any and all communications between EPA and any other person or entity, including but not limited to State and Federal agencies and non-agency consultants such as Savron, Geosyntec, CH2MHill, and Jacobs, relating to EPA's Proposed Plans for Operable Unit 1 and Operable Unit 2 of the Site. Finally, we request copies of any and all communications between EPA and any other person or entity, including but not limited to State and Federal agencies and non-agency consultants such as Savron, Geosyntec, CH2MHill, and Jacobs, relating to the Self-Sustaining Treatment for Active Remediation ("STAR") cleanup method, including all communications made during and after the STAR 2018 pilot study.

Please forward copies of this information to me, along with your invoice for the costs incurred in responding to this request, and I will see that you are promptly reimbursed.

Thank you for your assistance with this request. If you have any questions, please feel free to call me at (425) 646-6135.

Very truly yours,

Davis Wright Tremaine LLP
